Our Energy

Empowering our Community

What is Our Energy?

Our Energy is a community-owned organisation giving all energy consumers a way to increase their purchasing power and reduce energy bills by joining together.

What are the Benefits?

- Real customer protection and choice for our community
- Lower energy prices and increased services
- Additional savings through energy efficiency programs
- Access to green power at competitive prices

How do I join?

It's easy... fill out the authorisation form and send or deliver it to the location listed on the back of this brochure.

Our Energy is available to any individual or organisation that purchases electricity and gas - community organisations, residents, farmers, businesses large or small.

How does it work?

Our Energy will negotiate with energy retailers on your behalf and advise you of the outcome. The aim will be to make cheaper prices available to you. You will be offered a contract by the successful retailer, the decision to accept it will be yours. Remember that Our Energy will ensure that your contract is consistent with the negotiated agreement.
